RE: Support for Construction at 39 Ganung Drive Ossining, NY 10562

Dear Town of Ossining Zoning Board of Appeals:

As the homeowners of 41 Ganung Drive, which is located adjacent to the property at 39 Ganung Drive, we are writing to express our full support for the proposed construction project.

We have reviewed the construction plans submitted by Michael Stern & Nicole Williams and believe the addition/renovation will be a positive improvement to our neighborhood. The proposed design is appropriate for the area and respects the character of our community.

We have no concerns regarding privacy or property value and fully support the issuance of all necessary permits and variances.

Thank you for your time and consideration. Please feel free to contact us directly if you have any questions.

Sincerely,

Michael Turco
